Defendants.

Case No. 1:19-cv-988-JHR-SCY

CONSENT MOTION FOR EXTENSION OF TIME TO RESPOND TO COMPLAINT

Defendants the United States Environmental Protection Agency (“EPA”), Andrew Wheeler, in his official capacity as Administrator of EPA, the United States Army Corps of Engineers, and Ricky James, in his official capacity as Assistant Secretary of the Army for Civil Works (collectively the “Agencies”) request an extension of 60 days to respond to Plaintiff’s complaint. Plaintiff consents to the Agencies’ requested extension. The grounds for this motion are as follows:

1. In its Complaint, Plaintiff challenges a 2019 rule defining “waters of the United States” under the Clean Water Act, 84 Fed. Reg. 56,626 (Oct. 22, 2019). *See* Compl. ¶¶ 1-2.

On January 23, 2020, the Administrator of EPA and the Assistant Secretary of the Army for Civil Works signed a final rule entitled “Navigable Waters Protection Rule: Definition of ‘Waters of the United States.’”¹ The Navigable Waters Protection Rule provides a new definition of “waters of the United States” and will replace the existing definition. The rule will be published in the Federal Register and will be effective 60 days thereafter.

2. The Agencies’ deadline to answer or otherwise respond to the Complaint is currently January 31, 2020. *See* Order, ECF No. 13. The Agencies previously sought and received a two-week extension of this deadline. *See* ECF No. 12. The Agencies request that their deadline to respond the Complaint be extended by an additional 60 days, or until March 31, 2020.

3. There is good cause to grant this motion. *See* Fed. R. Civ. P. 6(b)(1). The additional time will permit the Agencies to analyze how the January 23, 2020 Navigable Waters Protection Rule may affect the issues and arguments at play in this litigation and other related legal challenges regarding the regulatory definition of “waters of the United States” under the Clean Water Act.

4. Additionally, Plaintiff is considering filing a supplemental complaint to include a challenge to the new rule. Efficiency and judicial economy weigh in favor of having Defendants file a responsive pleading only after Plaintiff and this Court decide whether a supplemental complaint is appropriate in this matter.

¹ The pre-publication version is available on EPA’s website, <https://www.epa.gov/nwpr/final-rule-navigable-waters-protection-rule> (last visited January 28, 2020).

5. Counsel for the Agencies have conferred with counsel for Plaintiff. Plaintiff consents to the requested extension.

6. No party will be prejudiced by the requested extension.

For the foregoing reasons, the Agencies request that the Court grant this motion and enter an order extending the Agencies' deadline to respond to the Complaint to March 31, 2020.

Dated: January 28, 2020

Respectfully submitted,

/s/ Erica Zilioli
